2026 Sponsorship Opportunities

ABOUT THE DSADE

OUR MISSION is to support families, promote community involvement, and encourage a lifetime of opportunities for people with Down syndrome.

The DSA of Delaware was founded in 1979 by parents of children with Down syndrome and continues to be driven by parents, family members, and others who have a passion for individuals with Down syndrome. We aim to be a supportive resource, advocating for the acceptance and understanding that allows individuals with Down syndrome to achieve the same level of access and opportunity as their peers.

Together as parents and family members, we share knowledge and experiences with other families, and help and support new parents. We promote the need to continue to educate ourselves, educational and medical professionals, and the public about Down syndrome. We embrace all of the things our children can do and their potential to be an integral part of our local communities.

WE ENVISION a community in which individuals with Down syndrome are healthy, happy, and successful. They and their families are effective advocates for their needs.
